12 September 2022

Concord City Council 41 Green Street Concord, NH 03301

Dear Councilors,

The New Hampshire Historical Highway Marker Program is respectfully requesting City Council approval to install Marker #278 which honors former Concord resident Elizabeth Gurley Flynn for her accomplishments in leading America's early 20<sup>th</sup> century labor movement and for her support of civil liberties and women's rights. The Historical Highway Marker Program is jointly administered by the Division of Historical Resources (DHR) and the Department of Transportation (DOT).

Concord currently has 13 similar green cast aluminum historical markers erected throughout the city recognizing important aspects of the state and city's histories, from the ratification of the Federal Constitution to commemorating Concord's Sunset Baseball League.

Funding for the marker, its installation, and maintenance is paid for through highway funds at the Department of Transportation. The City would be under no financial obligation. We only seek City Council approval for its location, which is proposed near the southeast corner of Court and Montgomery streets near the county courthouse. Flynn's birthplace was on Montgomery Street.

The DHR and DOT are happy to continue coordination on the exact location and installation with City personnel to ensure that installation is done with public access and safety in mind.

Enclosed with this letter is a letter of support from the marker proponent, the marker text, as well as a map of the proposed location.

Thank you for your consideration. Please contact me if I can be of further assistance.

Sincerely, Amy &. Dixon Community Preservation Coordinator 603-271-3485 or <u>amy.s.dixon@dncr.nh.gov</u>

cc: Shari King, DOT Arnie Alpert, marker proponent

Dear members of the Concord City Council,

We are writing to ask you to approve a request from the New Hampshire Division of Historical Resources to erect a roadside historical marker for Elizabeth Gurley Flynn near her birthplace on Montgomery Street.

Elizabeth Gurley Flynn has a secure place in American history. Long considered one of the most significant radical leaders of the twentieth century, she is remembered especially for her leadership in the labor movement, her advocacy for civil liberties, and her support for women's equality. She is not only the subject of at least two biographies, she has also shown up as a character in songs and historical fiction.

What is less well remembered is that she was born in Concord in 1890.

Elizabeth's parents were Annie Gurley, a seamstress, and Thomas Flynn, a quarry worker. It was in their household that the young Elizabeth developed a social conscience, a taste for literature, an interest in public affairs, and an unquenchable desire to make her mark on a world awash in injustice.

That can be remedied by granting permission for the NH Division of Historical Resources to erect a roadside marker near her birthplace.

The petition supporting the historical marker gained support of people from throughout the state, including residents of Concord. Please give your speedy assent.

Sincerely,

Arnie Alpert and Mary Lee Sargent

Elizabeth Gurley Flynn "The Rebel Girl"

Born in Concord in 1890, Elizabeth Gurley Flynn was a nationally known labor leader, civil libertarian and feminist organizer. She joined the Industrial Workers of the World at age 17 where her fiery speeches earned her the nickname "The Rebel Girl." As a founder of the American Civil Liberties Union, Flynn advocated for women's rights, including supporting their right to vote and access to birth control. She joined the Communist Party in 1936 and was sent to prison in 1951 under the notorious Smith Act.

## STATE CAPITOL

The State Capitol Building of New Hampshire was built in 1816-19 by Stuart J. Park. It is constructed of New Hampshire granite quarried in Concord. The original part was occupied June 2, 1819 and is the nation's oldest State Capitol in which a legislature meets in its original chambers.
