FIRE DEPARTMENT

REPORT TO MAYOR AND THE CITY COUNCIL

DATE: May 27, 2020

TO: Mayor and City Council

FROM: Guy T. Newbery, Interim Fire Chief

SUBJECT: Expansion of Scope for Fire Department Communications Equipment, FY20 CIP 305

Recommendation

Accept this report approving the expansion of scope for the Fire Department Communications Equipment, FY20 CIP 305

Background

In the Fiscal Year 2020 City of Concord Capital Budget, \$265,801 was approved for the replacement of the 1960's era radio and dispatch console in the Communications Center. The replacement process is near completion and remaining funds are being requested to expand the scope of work to include Americans with Disabilities Act (ADA) upgrades and security upgrades to the communications center.

Discussion

The replacement of the radio and dispatch console brought the interior workspace into ADA compliance. \$38,000 of the remaining funds is being requested to provide ADA compliant access into the Communications Center and tie the existing security cameras into the City's security camera network.

The Fire Department requests that City Council approve this report expanding the scope of CIP 305 to include the ADA and security upgrades.
