Subject: 110 Grill Project

It is my understanding that you are going to review the new building proposal on Storrs Street with the 110 Grill as the anchor. I just wanted to say that as a resident of Concord for 25 years, similar to adding "O", I strongly believe and support adding the 110 Grill. Continuing to upgrade that section of downtown will be a great compliment to the many downtown improvements over the past 20 years. when we first arrived, the worst attribute of Concord was the dire absence of quality dining locations which fortunately has improved in a positive direction.

I hope you will strongly consider supporting the very worthwhile and value added proposal for the good of the community.

Best Regards,

Bill

Subject: Brixmor project

[CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe]

Dear Madam or Sir:

I recently learned about the Brixmor project on Storrs Street and I am very excited about the same! I have lived in Concord since 1983 and have witnessed a number of approved projects that have increased the desirability in living in the Concord area. I feel that this project would clearly fall within that category and would be wonderful improvement to the downtown area. Accordingly, I am in support of the same.

I hope that the planning board approves this project in the very near future.

If you have any questions concerning this matter, please contact me directly. I would be happy to elaborate further.

Best regards,

Michael Bujold
